resumé

experience

2001–2012 freelance graphic designer

I work with several bay area marketing and design studios creating and implementing inspirational digital and print design solutions for a diverse set of end-clients.

2006–2009 senior graphic designer: valley design group

I worked closely with the creative director and junior design staff to design and produce print and digital design solutions for clients in varied industries and market spaces.

my responsibilities included art direction, digital and print design, project planning and management, photo-illustration, and office management.

1995–2001 production artist: valley design group

I worked with the creative director and senior design staff to produce and implement graphic design solutions for a wide range of business-to-business clients.

my responsibilities included web production, photo-illustration, print production, and systems administration.

education

2001–2006 san josé state university: bfa graphic design

- dean's scholar all terms: average gpa 3.76
- officer in neo graphic design club

1990–1994 academy of art college, san francisco: advertising design

coursework

at sjsu I completed extensive typographic and graphic design coursework in the bfa program. I've also completed 12 units in photography classes, specializing in black and white. at the academy of art I completed a variety of courses in the advertising design program including conceptual development, type and marker indication as well as copywriting courses.

skillset

I'm extremely competent with a variety of tools and platforms including: photoshop, illustrator, indesign, flash, dreamweaver, acrobat, image ready, fireworks, freehand, and microsoft office in both mac and windows.

I'm professionally familiar with both digital and print production processes and am competent working with javascript, actionscript, css and html code.
